Not one of her best.

By Shelly - Avid Reader

In this latest story by Amanda Ashley, Edward Ramsey, a former Vampyre hunter, is brought over by Grigori Chiavari after Ramsey almost dies killing one of Chiavari's enemies. Ramsey hates being one of the things that he devoted his mortal life destroying. He rescues Kelly, beautiful woman whom he eventually falls in love with and she helps him to accept his new life. Then Khira comes to town and she is determined to destroy the vampires and humans alike in Los Angeles.

Critique: I love Vampire stories. There is usually nothing more exotic and sensual as a vampire, but this story lacked quite a bit. The story line did not move smoothly. I felt that a lot of dialogue and scenes were reused over and over and over. The character development was practically non-existent. You would think the story will be more about Kelly and Ramsey, but you find out more about Chiavari and his wife Marisa. I did not feel anything for these characters and had to force myself to finish the book. When I finally read the last word I sighed...not with satisfaction, but with relief. If you are an Amanda Ashley fan, maybe you will adore this novel, but others...beware!

Sequel to Shades of Grey Ties Loose Ends....

By Tracy Talley

I read this book not knowing it was the sequel to 'Shades of Grey', yet it isn't marketed as such. So if you haven't read 'Shades..', do that before reading this since the main characters do not take up many pages in the book, but the main characters from Shades do. In other words, this book should've been advertized as the continuence of Grigori and Marisa's life, not the emergence of a new vampire he'd made named Edward Ramsey.

Edward was supposed to be the main character and driving force in the book and possibly a little scarier than Grigori, but nope, I wasn't convinced. Edward was too whiny and selfish to be a hero.

His being a former Hunter of Vampires and coming from a great line of Hunters I was hoping for something

very impressive, but what we got was complaining and him feeling sorry for himself. Grigori saved his life in the pervious novel, thus making him what he is now and all he does is blame the vampire and lash out at him almost the entire book.

Edward's obsession with Marisa is kinda weird and after awhile we the reader start to wonder why Grigori saved him afterall. The love interest Edward is supposed to be going for is a broken woman named Kelly who tries to kill herself and he saves her. In return she stays at his house and keeps an eye out for him while he sleeps.

I liked Kelly and thought she deserved a better hero. Edward was too selfish for her and tended to grate on my nerves. Thankfully the author started out with him in almost all the chapters, then moved away from him and Kelly and went on to put the light on Grigori and Marisa for the rest of the book. Which was a great deal. We get to see what happens to them and their new relationship.

A very good book, very well written and with lots of action. My only complaint was the main characters Edward and Kelly; could've done without them.

Edward Ramsey spent his life hunting the very thing that he has become. His conscience is screaming for him to end it all, but somehow he doesn't have the will. Things start to change when a desperate woman tries to end her life and Edward must save her.

Kelly gives him reason to live on, even as a monster. He needs her love and kind heart, but she's been hurt and trampled on too many times.

An ancient evil is in town too. A merciless, yet stunning creature named Khira. She is seeking supremacy in L.A and wants her former lover back...Grigori. Edward must join forces with his sire and enemy Grigori to take down the oldest evil known, but will it be too late? Will she devour Los Angeles?

arousing vampire romance

By A Customer

After teaming up with his enemy, Grigori Chiavari to kill a rogue vampire, hunter Edward Ramsey is now one of the undead complements of his former ally for saving his life. Ramseys for centuries have hunted vampires so Edward has deep psychological problems with the change and prefers death. Still, he saves the life of a mortal, Kelly Anderson who jumped into the river because she has nothing to live for.

Meanwhile the oldest known living vampire Khira arrives in the Los Angeles area seeking her former lover Grigori for the first time in two centuries. When Grigori saw Khira sucking the blood of a child, he left her. Now Khira plans to dominate the region with only Grigori and Edward powerful enough, if they can team up again, to stop her. For stop her they must as Khira plans to eliminate the beloved two mortals that Grigori and Edward now respectively love above their own lives.

The sequel to SHADES OF GRAY is an arousing vampire romance that readers who enjoy a bite in their novels will want to read. Though the story line seems somewhat repetitive with Edward's constant whining that he wants to die, he is a powerful character struggling between his heritage and his dark future until he realizes how much he love Kelly. Grigori and his wife Marisa retain their cherished relationship that is being challenged by the villainess Khira while the audience wonders will she or will she not. Amanda Ashley provides an enjoyable supernatural romance that those who enjoy the AFTER SUNDOWN nightlife will want to peruse.
