Drake desires one thing — to claim the only woman he has ever loved, but doing so places her life, her immortal soul in unavoidable danger. In order to protect her, he must go against his very nature and openly seek a bond with another.

That heart-rending decision will undeniably place them both in mortal danger. For the power lies within two souls made of one. Couldn't put it down!!

I just read straight through the night! Jamie Magee has done it again! An entrancing novel filled with last, excitement, suspense...What more could a girl ask for. With her trade mark style she manages to turn the bad guy into the romantic lead and humanize/explain his actions. I highly recommend if you have read any of her books...our if not this is a magical one to start with! I can't wait for the next chapter in this web of hearts!!!

Blakeshire

By SteffiniW

I am a huge fan of Jamie Magee! With great reason, she is just simply amazing. Her stories are very intricate and well thought out, that if you read her books over and over, you would discover something new everytime.

I wasn't thrilled with Drake during most of this series, but this book has completely turned my opinion around, as it should. He finally gets to tell his story and I saw a complete different side of Drake and what made him how he was It's a great love story and I look forward to reading more from Ms. Magee.

Yet another great book!!

By Shawna79

Jamie has such a wonderful mind! When I pick up a book of hers I just can't put it down I get sucked into her world more and more with every word and before I know it I have read the whole book...

In this book we get to see inside of Drake his thoughts and fears everything that drives him to be the man he is and he is not stopping until Madison Marie is his!

We get to see into Madison's head also and let me tell you there is a lot going on in there ALL of the time! She is fighting her feelings for her one true love a battle she has inside her head more than once.. Once she stops fighting everything just seemed to fall into place

I feel you could read this as a stand alone book without being confused but I strongly suggest you read them all so you can fall in love with everyone in the Web of Heart and Souls series
