Life will certainly be completed if you understand much more points via reading e-books.

Amazon.com Review

Amazon Best Books of the Month, April 2011: Tina Fey's new book Bossypants is short, messy, and impossibly funny (an apt description of the comedian herself). From her humble roots growing up in Pennsylvania to her days doing amateur improv in Chicago to her early sketches on Saturday Night Live, Fey gives us a fascinating glimpse behind the curtain of modern comedy with equal doses of wit, candor, and self-deprecation. Some of the funniest chapters feature the differences between male and female comedy writers ("men urinate in cups"), her cruise ship honeymoon ("it's very Poseidon Adventure"), and advice about breastfeeding ("I had an obligation to my child to pretend to try"). But the chaos of Fey's life is best detailed when she's dividing her efforts equally between rehearsing her Sarah Palin impression, trying to get Oprah to appear on 30 Rock, and planning her daughter's Peter Pan-themed birthday. Bossypants gets to the heart of why Tina Fey remains universally adored: she embodies the hectic, too-many-things-to-juggle lifestyle we all have, but instead of complaining about it, she can just laugh it off. --Kevin Nguyen

Review

Once in a generation a woman comes along who changes everything. Tina Fey is not that woman, but she met that woman once and acted weird around her.

PRAISE FOR TINA FEY:

"You'd be really pretty if you lost weight."?College Boyfriend, 1990

"Tina Fey is an ugly, pear-shaped, overrated troll."?The Internet

"Mommy, where are my pretzels?"?Tracy Morgan

Yeah, different with the other individuals who seek book Bossypants By Tina Fey outside, you could obtain simpler to pose this book. When some individuals still stroll right into the establishment and also look guide Bossypants By Tina Fey, you are right here only remain on your seat and also obtain guide Bossypants By Tina Fey.

While the other individuals in the store, they are unsure to find this Bossypants By Tina Fey directly. It could require even more times to go store by shop. This is why we suppose you this site. We will provide the very best method as well as recommendation to obtain the book Bossypants By Tina Fey Even this is soft file book, it will certainly be ease to lug Bossypants By Tina Fey anywhere or conserve in your home. The difference is that you could not need relocate guide Bossypants By Tina Fey place to area. You might need just copy to the other devices.

BOSSYPANTS BY TINA FEY PDF

Before Liz Lemon, before "Weekend Update," before "Sarah Palin," Tina Fey was just a young girl with a dream: a recurring stress dream that she was being chased through a local airport by her middle-school gym teacher. She also had a dream that one day she would be a comedian on TV.

She has seen both these dreams come true.

At last, Tina Fey's story can be told. From her youthful days as a vicious nerd to her tour of duty on Saturday Night Live; from her passionately halfhearted pursuit of physical beauty to her life as a mother eating things off the floor; from her one-sided college romance to her nearly fatal honeymoon -- from the beginning of this paragraph to this final sentence.

Tina Fey reveals all, and proves what we've all suspected: you're no one until someone calls you bossy.

(Includes Special, Never-Before-Solicited Opinions on Breastfeeding, Princesses, Photoshop, the Electoral Process, and Italian Rum Cake!)

Good read!

By Alan Mazer

I enjoy a good memoir. It seems there's always something good to learn from other people's life experiences. And while I'm not a huge Tina Fey fan, I enjoyed her as Sarah Palin on SNL and occasionally watch 30 Rock. So after reading a review of the book, and being without anything to read at the moment, I took a chance and bought Bossypants, and I'm glad I did.

It seemed a little uneven starting out, but quickly transitioned into some very interesting pieces about her early jobs, her work with Second City, and then her transition into writing for SNL and her eventual creation of 30 Rock. Interspersed are stories about growing up and dating, her eventual marriage, and her struggles to

balance work and family life, as well as some candid advice for other women on how to make it in a male-dominated industry.

Perhaps what I liked most about the book is that even though there is a lot of self-deprecating (and distancing) humor, my sense in the end was that Fey gave us an honest look at who she is: imperfect, stumbling, but always rising again, persevering, and continuing to do what she loves. I would say the book is well worth reading for any fan of Tina Fey, 30 Rock, or SNL, as well as for any woman who struggles to balance the roles of worker, spouse and mom. It was a good read!

Prepare to laugh out loud!

By Mike C.

I just finished reading Bossy Pants and I really enjoyed it. This book gives you an insight into Tina Fey's personal life beginning with her childhood. Every chapter has a new story that will surely make you laugh. She fills the pages with advice and there are plenty of jokes throughout. You can tell Tina put a lot of thought into the content and her humor is definitely present. My favorite parts were of her "awkward" childhood years and learning about how things work at SNL. I hope she writes more books because it was one of my favorite comedies. The only part I did not really care for were the chapters covering 30 Rock. I never really go into that show so I skipped over those parts. I did not care to read the scripts from the show in her book. Other than that, this book was terrific!

Enjoyable read with some good laughs

By Heidi Mallon

Tina Fey showcases her humor and intelligence in this book quite well. It is essentially a memoir about her experience growing up and coming to work at SNL, along with with dispensing some advice. I enjoyed reading her perspective and I really enjoyed her humor. In fact I was reading this book on a plane and was shaking from laughter on several occasions, much to the consternation of the person sitting next to me. If a book can make me laugh out loud, I am going to give a thumbs up. Bossypants is best enjoyed by those who share Ms. Fey's dry, sarcastic wit, peppered with intelligence and plain-spokenness.
