## CADE (SOCIETY BOOK 2) BY MASON SABRE PDF

Cade MacDonald is a man who has always had a sense of right and wrong. He fights for justice and does not back down in the face of danger. As a member of Others, a supernatural race of powerful, fierce shifters, who do not accept or sympathise with any Humans, or any race other than their own, he now finds himself in a battle with the Other Society's leaders as they oppose his attempt to save the life of a young half-breed.

Fighting to do the right thing, Cade is simultaneously faced with the unexpected attraction he feels for his best friend's sister. Having grown up with Gemma, he is confused and torn at the strong pull of his wolf towards this beautiful tiger.

Willing to accept any repercussions of his rebellious actions, will he go as far as to lose the love of his life in the process?

Worth the wait, what a fantastic read!!!

By MEXICANCUTIE

I had been not so patiently waiting for Cade since reading *The Rise of the Phoenix* and had quite a few expectations of this second book in the Society series. Not only did Mason meet those expectations he blew them clear out of the water!

Cade is the whole package, protective and strong but also gentle, caring and sexy. The chemistry between Cade and Gemma is hot hot hot!

My heart was breaking for Phoenix but I was able to see glimpses of the man he will become, one example being when he became the caregiver. The bond he has with Cade...so awesome.

Also, I can't wait for Stephen's story and am soooo glad he is not one of the characters in this book that I hope land on a sharp stick or two.

This book pulled me in and once I started I could not put it down. It had a great storyline, the characters had depth and emotion and by the end I wanted to jump in and be part of their little group.

If you haven't read any of Mason's books do yourself a favor and read *The Rise of the Phoenix* and read Cade and then you can join me and the rest of his fans going crazy waiting for the next one!

I love Mason's take on shifters, it isn't a typical pnr and kept me guessing and I love it!

Absolutely wonderful story!

By wisflthkg

I just finished this book and what a story! Mason Sabre has done it again with the second book of the Society Novel series. I was hooked from the first chapter. I fell in love with Cade, he's such a loving person and a

member of the Others who are shifters. The courage and determination that he has to do the right thing even if it costs him everything is astounding. Phoenix's story also continues in this book and is so heart breaking you can't help but have your heart swell for the little guy. Cade and Gemma grew up with each other. Gemma is Cade's best friend's sister. Will the love they have for each other be enough to survive through it all. I can't wait for the next book in the series. It looks like there's a war brewing between humans and Others and I'm so anxious to see what happens. I love it when a story leaves me wanting more!

Get lost in a new world!

By T. Meerschaert

This was a great way to continue the story of Phoenix and introduce us to the shifter who rescued him, Cade. It is a well-written story with lots of real emotion as we see Cade struggle with Other Society rules against letting half-breeds live and Cade's conscience telling him Phoenix is worth saving. We also get another glimpse of Cade's inner battle with Society morality as he decides whether or not to act on his taboo attraction to Gemma, a tiger shifter and his best friend's younger sister. Mason Sabre has a gift for letting us live in new worlds and this book is no exception. We get to glimpse the brutal rules of both Human and Other Societies. There are more books planned for the series and I am eager to read them as this author knows how to spin captivating and enthralling tales!
