CARNIVAL KID: A BIOGRAPHY OF THE TRUE LIFE JOURNEY OF A YOUNG LIFE OF, ABUSE, ADOPTION, AND ABSOLUTE DYSFUNCTION. BY C. WAYNE CHASE PDF

When my life began I was passed around from home to home as I was born to a woman, who's husband was about to come home from the war and he knew nothing of my residency in his home. His command was "Either he goes or I do". Then came an arranged adoption to a couple who operated a carnival, drove taxi in the off season, and bootlegged. This home was to be the epitome of dysfunctional existence and the continuance of constant physical abuse, mental abuse, and sexual abuse. It was a lonely existence with no brothers or sisters, and because of this families shame in the community, I would not be allowed to play with the neighbourhood kids. It was a destination headed for a very lonely and fearful life. My life growing up on the midway was far from normal.

"Wake up Wayne. Wake up, it's time to go". I surprisingly can still remember this part of my life but I was very young, maybe as young as two or three. This call came at about 11:00PM while I slept in the back seat of the old Plymouth. You see we travel with a carnival and the backseat of the car was where I slept for the first part of the night. I can still smell the old dusty fabric on the seat that used to be my bed each night while waiting for the carnival to shut down. By the time I was awake or partially awake I was taken to the outdoor stage where the nightly square dance was being held. This was an open air nightly dance that was part of the midway activity in those days. As it got later and the people got more of a buzz from their liquor my father seemed to think it was a good time for a some pity on a little guy that people would pay a few cents to see dance. The floor cleared, and the fiddle player would come up to the microphone and announce that there was a very special talent tonight who was going to tap dance for them. The music would start up and my mother pushed me out on the dance floor where I would go through the motions of a tap dance. So often I would be in wet pants from not being able to go to the bathroom, and in clothes that were dirty and smelly. Through the music and my struggling to tap dance, I could see the audience all around the floor who were laughing, and pointing through the old light bulbs surrounded with moths and mosquito's. When I finished my dancing I would have to pass around my fathers old taxi cap for people to throw in money. After circling the floor and collecting the money and while people applauded I would step off the stage and give the money to my father. "Go back to the car and sleep", he would say, "and I will wake you to sleep in the tent when the grounds close down.

I would later move from the car to the tent where my mother, father, and a few carnival game workers all slept. Again I would try to sleep, but the mosquitoes biting, and the conversations going through the tent in the darkness would make it difficult. Some nights the rain made it so damp, and we did not have enough blankets to go around, so I often covered up with a piece of the carnival tent canvas. This was the start of my "Home Sweet Home", and it was only the beginning of a long and difficult journey.

After a few years of so many incidents of physical abuse in the carnival environment, came the humiliation and bullying through school, which nearly brought me to a broken state. The journey colourfully and sorrowfully illustrates what goes on when a mother loses all bonding with me, and has no interest in me because of her unhappy marriage, and somehow only gains moments of joy by creative implementation of

pain of every imaginable means on me.

My resilience to survive and the determination of my human spirit is beyond belief and understanding in this emotional and jaw dropping story.

I could not put this book down. I had to read it every spare minute I had. Such a heartbreaking story of an innocent little boy with such a cruel heartless mother. I have to say I shed a lot of tears reading this book. Sure goes to show no one knows what goes on behind closed doors. I encourage everyone to read this book.
