From Publishers Weekly

One need only glance at this anthology's lineup of authors to know that it's bound to be loaded with kinky, creative sex. And indeed, that's exactly what Hamilton delivers in "Beyond the Ardeur," which uses the setting of a wedding to bring back virtually the entire cast of characters from her popular series about necromancer Anita Blake. While Hamilton's fans will enjoy revisiting these night creatures, some may be disappointed to find that this tale is all sex and no slaying; the only mystery is which paranormal hunk(s) will satisfy Anita's ardeur. Far more suspenseful is York's "Burning Moon," which follows a blind tarot reader and a werewolf as they steam up the sheets and try to trap a serial killer. Equally compelling but more inventive is Wilks's "Originally Human"; neither the succubus heroine (whose age varies between 19 and 300, with stops at 50 and 35) nor the reader uncovers her amnesiac mystery man's identity till the final pages. Davidson, meanwhile, delivers nonstop, witty repartee and a surprise denouement in "Dead Girls Don't Dance," a delightful romance between a vampiress and her old college classmate. By turns sensual, suspenseful and amusing, this anthology will satisfy almost any craving.

From Booklist

Four novellas focus on feminine desire. Hamilton, the reigning queen of vampiric romance, offers a new Anita Blake tale, "Beyond the Ardeur." Anita is attending a friend's wedding when Nathaniel, her pomme de sang (i.e., the outlet for her intense desire, or "ardeur"), makes known in no uncertain terms that he wants to take the relationship to the next level. Anita's subsequent actions take her to a place she has hitherto carefully avoided. In MaryJanice Davidson's "Dead Girls Don't Dance," vampire Andrea Mercer is literally dug up by an old crush, Daniel Harris, and during a trip to Minnesota to see the vampire queen, her desire for him reignites. Succubus Molly Brown discovers a gorgeous, naked man in the woods and decides to help him recover his memory in Eileen Wilks' "Originally Human," and in "Burning Moon," Rebecca York brings a werewolf seeking vengeance for his mate's death to a psychic's door. Exciting, spicy tales sure to please fans of steamy supernatural fiction. Kristine Huntley

Some nice shor stories.

By Brian Carnett

The first story by LKH seems to be a bit of a teaser or introduction to her next book. Its not bad, delves more into the character of damian. Am told the story was not continued to the next major book though. Apparently just a teaser. Something to get her name on the books cover in the large print.

Dead girls don't dance. Nerd girl turned super sexy vamp gets the jock/hunt she pined for while a nerd. It was well written, interesting, even if I hated the character that got the girl. Big dumb rich jock gets pretty girl. Like the author though Mary Janice Davidson. This story takes place sometime after "Undead and Unwed".

Originally Human - this one Interested me, I realy did like the story and am ordering a book by the author. Seem to have written alot of more romance type books, but this fantasy (with a bit of romance) is a fun good read. I hope the author continues on with fantasy and not just romance novels.

Burning Moon...Kinda nice, kinda wierd. I love fantasy - to a point. When an author starts talking about beastasity (I don't care if it is a man transformed by magic into a wolf) its still wierd to me. Werewolf sex in human form - hot. Werewolf sex in animal form - not hot. Author is primarily a Harlequin romance writer.

All in all, a good mix of fantasy stories, all with a touch of sex and fantasy.

Laurell K. Hamilton Fans- beware!

By T. Daniel

This is only for those of you, who, like me, are interested in the book simply because you love Anita Blake and Laurell K. Hamilton. The so-called "novella" in this anthology is merely excerpted from her novel

"Incubus Dreams." I read the novella first, and was extremely disappointed in the way it ended- with unresolved issues- and even more disappointed when I began reading "Incubus Dreams," because I'd already read much of the first 8 or 10 chapters! Hamilton includes more in the full novel, but it was a real let-down when I realized what she had done. I give the collection a lot of credit, but not the portion written by Hamilton.

5 of 5 people found the following review helpful.

Some good, Some bad

By Cyn

Some stories stood alone and others you needed to have read the author before. Hamilton's "Beyond the Ardeur" was almost incomprehensible since I had not read the author before. It was slow and boring and I almost didn't finish it. 2 stars is kind for this story. Davidson's "Dead Girls Don't Dance" was cute, especially if you are a Queen Betsy Fan, 5 stars from me. Wilks' "Originally Human" stands alone and is a pretty good story, 4 stars. Finally, York's "Burning Moon" is another good story, 4 stars.
