Another great Art book by Delphi.

By Louis A Robertella

Great to have all of his works available in one e-book. The reproductions are excellent and are zoom-able as are the detail views. I gave it 4 stars only because of navigation not being as I would like, but otherwise it is a great book to have in your Art book collection. Raphael brought Renaissance art to new heights, a true Master. I also like the included photos of his birthplace and his tomb in the Pantheon.
