If you're ready to have total control of the ingredients in your cosmetic products, then this book is for you!
Read on your PC, Mac, smart phone, tablet, or Kindle device.

Do you know what ingredients go into the production of your favorite lipstick? Chances are, not even the labeled box that comes with a store-bought cosmetic item will give you the full story. Making your own lipstick, eyeshadow, lotion, shampoo, facial masks, and other staples in a girl's beauty and grooming arsenal is the only way to have total control of what goes into the products you regularly apply onto your body. This book will show that you don't need a degree in chemistry to make common cosmetic items from the comfort of your own home that work just as well as (if not better than) store-bought products. If you're ready to make your own makeup and beauty products - and save money to boot - then let's get started!

The recipes seemed ok but I haven't tried any of them yet. There weren't many recipes for cosmetics--mineral eyeshadow and blush and lipstick. I was totally turned off that the coloring for the lipsticks came from crayons! There seems to be something wrong with that idea. I know they are non-toxic but that doesn't mean

they are designed for use around the mouth on a daily basis. I am going to try the shampoo recipes though.

All about homemade makeup and cosmetics!

By Amazon Customer

The world of natural and handmade skin care is a popular one. Every day countless new brands launch their carefully formulated lines of cosmetics into the arena. Our industry has become abuzz with fresh faces and hopeful beginners, each dreaming of creating a handmade beauty empire to call their own. I am really fond of make-up and cosmetics and I must say that I had never thought I would find so much useful and practical information in a book related to homemade organic make-up products. This beautiful book shows you how to make your own handcrafted, organic makeup, soap, and perfume using essential oils and other natural ingredients. With this book, you can personalize your beauty regimen without standing in line and without spending tons of money.
