Israeli Air Force worth the money

By Morris E. Graham

This guide covers 30 years and 78 aircraft used in Israel. This is full of technical details and more than 130 colorful photographs. The company shipped within 3 days of receiving the order and the book was well made with a nice cover and good stitching. I was very satisfied.

Illustrated Guide to the Israeli Air Force

By Michael Davis

I purchased my copy of Bill Gunston's book in late 1983 and it is still in good condition. I gave it a 5 star rating even though today it is quite outdated. It is a good reference book that will take you from the inception of the Israeli Air Force in 1948 to 1982's war in Lebanon. Still, it is a good book to have.
