This book was inspired by my work with *Jails to Jobs*, a Section 501c3 public charity that gives formerly incarcerated jobseekers the tools they need to find employment. We offer job search preparation counseling for soon-to-be-released inmates in several jails and prisons and maintain a website with job search information for those with barriers to employment.

Our newest venture is in the area of tattoo removal, as anti-social and gang-related tattoos are the ultimate "job stoppers." We maintain a directory of more than 200 free and low-cost tattoo removal programs in 37 states on our website and have created a how-to guide and outreach program that teaches doctors, clinics, hospitals and tattoo removal specialists how to create a free or low-cost community-based program to perform tattoo removals.

Readable, Understandable, and Enormously Helpful

By Ms. Haagen Dazs

As someone with nearly 12 years experience as a volunteer teacher in jails and prison, I read this book with real excitement, because I'm sure it will be life-changing for many.

"Jails to Jobs: Seven Steps to Becoming Employed" is realistic about how hard it is for formerly incarcerated individuals to get hired, and it's encouraging in showing that hurdles are not insurmountable. It's a treasure chest of practical advice, ideas, models, ways to frame difficult issues, and many, many resources. Its tone is that of an experienced, helpful friend who says "This is how you get a good job. You can do this. Here are steps to follow. Let's start the process."

I think this book would also be invaluable for young people seeking their first real job, or for those who may have been working for years but need to find a new job. Because it doesn't assume the job-seeker has a college education or easy avenues to employment, its advice and resources start with basics and go from there. Reading it, I learned of many helpful programs, agencies, and organizations that I had never heard of!

"Jails to Jobs: Seven Steps to Becoming Employed" is readable, understandable, and enormously helpful. I'll be telling others about it and donating copies to the library of the jail where I currently volunteer. If our prisons and jails gave a copy of this book to every employment-motivated individual they release, the money would be well spent!

By Diana Williams

I am a volunteer at a State Prison and I used this terrific little book to help me create a curriculum for a job training program. It take the reader, step by step, through getting prepared for a job search, to the nitty-gritty of resume writing and interview skills. In addition being a practical guide, the book weaves in meditation and self-talk practices that can help job seekers stay on track. Don't forget to check out the appendices - they offer excellent resources and lists!
