In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church.

In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

Excellent commentary on this crucial book of the bible

By Paul Salmon

This book covers in detail the signs and pictures from creation through to the spiritual significance of the lives of the patriarchs. This book gives a very worthwhile insight into the book of Genesis. The main focus is on life as the title suggests. Many of the experiences of the patriarchs match of current spiritual experience. For example Abraham's faith, Isaac resting and Jacobs struggling which resulted in him being "transformed" into Israel. These pictures match the Christian life and help us understand and continue our walk with Christ.

Journey into discovery and experience of the all inclusive Christ

By Rex A.

When I first became a Christian, I wanted to know Christ, but in all the denominations that I attended I did not find life, only religion. When I came across this Life Study of Genesis, I found life, If you're wanting to experience the real life of Christ that is contained in the Bible, this Life study of the Bible is a must study, don't just read it, immerse yourself into this, and find your life story in the book of Genesis just as I did.

Life changing!

By Mary Brown

This book applied to every aspect of our lives: education, marriage, our jobs, dealing with offenses, and forgiveness. It didn't matter what was going on in my life, the message applied to me. One of the most significant things to me was waiting on the Lord. He has His timing and it's perfect. We need to wait for His initiation of things and not do it ourselves which results in Ishmael.
