### Review

Say goodbye to the garlic-hating, crucifix-fearing vampires of old. With her steamy, action-packed Dark-Hunter novels, Kenyon is ushering in a whole different class of night dwellers. These new millennium models are gorgeous . . . An abundance of hot sex and snappy dialogue keep the plot both accessible and appealing. With its courageous, unconventional characters and wry humor, this fast-moving fantasy will fill the void left by the end of the "Buffy the Vampire Slayer" series.

### From the Publisher

Welcome to book 2 of Sherrilyn Kenyon's exciting new paranormal vampire and demon series, Dark Hunter. Bursting onto the scene in 2002 with a Dark Hunter prequel, Fantasy Lover and the first book of the series, Night Pleasures, Sherrilyn continues to redefine the genre by bringing a fresh perspective only this imaginative writer can. Her rewards have been great, garnering her an almost cult-like following even before the books were published and her readership continues to grow at a phenomenal rate.

Her fans are not alone in acknowledging her rare talent. Critics, reviewers, peers and fans have awarded these books such top honors as RWA's Top Ten Books of 2002 (Fantasy Lover), RT Booklover's Reviwer's Choice Awards, and the Dark Hunter books stormed the Paranormal PEARL Awards by taking 4 out of 9 of the awards, with a fifth Dark Hunter nominee receiving an Honorable Mention.

These books burst with the kind of sarcastic humor that has made Buffy the Vampire Slayer popular, while keeping the sensuality and comedic often poignant adult situations of Sex and the City. As the author's website proudly proclaims, "Over Two Million Visitors Bitten. Will You Be Next?"

I hope you will join us as the legacy of the Mad, Bad and Immortal dark protectors continues with this latest installment.

### From the Back Cover

Dear Reader,

Life is great for me. I have my chicory coffee, my warm beignets, and my best friend on the cell phone. Once the sun goes down, I am the baddest thing prowling the night: I command the elements, and I know no fear. For centuries, I've protected the innocent and watched over the mankind, making sure they are safe in a world where nothing is ever certain. All I want in return is a hot babe in a red dress, who wants nothing more from me than one night.

Instead, I get a runaway Mardi Gras float that tries to turn me into roadkill and a beautiful woman who saves my life but can't remember where she put my pants. Flamboyant and extravagant, Sunshine Runningwolf should be the perfect woman for me. She wants nothing past tonight, no ties, no long-term commitments.

But every time I look at her, I start yearning for dreams that I buried centuries ago. With her unconventional ways and ability to baffle me, Sunshine is the one person I find myself needing. But for me to love her would mean her death. I am cursed never to know peace or happiness-not so long as my enemy waits in the night to destroy us both.

--Talon of the Morigantes

"Finally a paranormal writer with attitude, Buffy the Vampire Slayer meets Sex and the City!"-Mallory Kane, author of Heir to Secret Memories on Night Pleasures

"By turns funny and touching...a compelling story that will make you laugh out loud. The gods haven't had this much fun since Xena!" --Susan Krinard, author of Secret of the Wolf on Night Pleasures

Talon was once a Celt warrior cursed by his ancient gods. Following the murder of his sister, the dying Talon had made a deal with the goddess Artemis. He had been given one act of vengeance against the clan who betrayed him, in exchange for his soul and his eternal service as a Dark-Hunter. Talon has sworn to fight Daimons and rescue the human souls they've captured. He has never had cause to regret this choice - until he meets Sunshine Runningwolf. The unconventional Sunshine should be Talon's perfect woman. She is beautiful, sexy and isn't looking for a long-term commitment. But the more time Talon spends in her company the more he starts yearning for dreams of love and family that he buried centuries ago. But loving Sunshine would be dangerous for both of them - Talon is destined never to know peace or happiness while his enemies still seek to destroy him and everyone close to him...

Sunshine was Adorable

By creativedeeds

Would someone tell me why it's taken me so long to pick up this series? Please? Okay, I know I have no one but myself to blame but seriously, I can't believe it's taken me this long to jump on the Dark Hunter train. Never fear though. I'm totally making up for lost time.

Talon was a mystery until now. He kept himself totally hidden and his swamp home, complete with alligators wasn't the only thing that kept people away. He kept his distance from everyone on purpose, but that all changed when he met Sunshine. There was just something about her he couldn't resist, but he had no choice.

Sunshine was a character that I loved from the moment I met her. She was a free spirit and she was as drawn to Talon as he was to her. She also didn't understand it any more than he did. Little by little she began to discover exactly who Talon was and why he needed to keep his distance. There were forces working against their avoidance of each other though. Through a lot of Night Embrace it was hard to tell which side readers should choose. That's just one of the reasons why this one was so hard to put down. There weren't only bad guys, there were impostors and people who you knew you couldn't trust but found yourself sympathizing with them anyway. It was more than a little intense.

One of the best parts for me was the very unique way that Sherrilyn Kenyon came up with to resolve some issues in Night Embrace. I also loved the twists and turns, and the humor in this book was adorable. Most of it was provided by Sunshine but she wasn't the only character that gave readers a few chuckles. The witty banter and relationships that exist between these characters is perfect. Yes, there were also some tears, but

with the existence that some of these characters have endured, that's to be expected. Regardless of what they've been through, the characters definitely make this book and I'm looking forward to seeing much more of all of them.

A lot happened in Night Embrace, as if the romance and the avoidance between Talon and Sunshine weren't enough. This was a pivotal book for a lot of reasons. Lots of characters were introduced. A few mysteries were solved (a lot more were introduced) and some interesting back stories were given. There were even some appearances by previous characters that added to the intrigue. There's definitely a lot in store for everyone.

Dance with the Devil is next up and it features Zarek who was introduced in Night Embrace. Since the series worlds overlap, it's not only the 4th book in the Dark-Hunter series but it's also considered the 1st book in the Were-Hunter series. Is there any wonder there are so many books in this series? I'm not complaining though. I'm just starting out and I'm planning on loving every minute of it.

Night Embrace

By Gigi111

I really enjoy the Dark Hunter Series. I have read them all. The early ones are her best by far. Just the right mix of romance, mystery and paranormal fantasy. The only issue is that the further you read in the series the more violent the books become. I definitely recommend the book, I just caution people that when you get to books such as Acheron and Styxx, the violence and torture can become too much to read. I had a very hard time finishing the last book she wrote (Styxx) because of how graphic it was. Don't let these comments stop you from reading her books. Ms. Kenyon truly knows how to create a world all of her own and make you believe it really exists. Her fantasy world contains so many substories, plot twists, character relationships that I don't know how she keeps them all straight, but everything she writes flows smoothly from one book to the next. You become so familiar with characters that you feel as if these people exist in you life. She is an amazing writer.

Great Female Lead

By vesme

This is the second novel I've read in the dark hunter series and fell in love more so with the female lead this time. I did have to take off a point for the use of "aye caramba" yes, I understand the writer wanted to get across the charisma and charm of this Latina character but being Latina myself a modern Latina woman would most likely use this expression as a complete joke. This slang term went out of style when Bart Simpson made it famous. However since I am not from New Orleans maybe the Latin culture there uses that term. It still annoyed me to no end and I'm glad she stopped saying it after the first chapters. I read these books for the mythology and background of the characters not necessarily for the love scenes although there are a lot of those in here. If you want some steamy love scenes I suggest Richille Mead's succubus series. These books are entertaining page turners and even though you can predict the SPOILER ALERT ----- happy ending the journey there is still worth any supernatural romance fan's time.
