Jack is a sex toy mogul. Enough said...

By Yvette ~ Nose Stuck in a Book

After being introduced to Michelle Milo in earlier books in the Seductive Nights series, I was anticipating her move to protagonist in Nights with Him because I was interested to see what man would be a perfect match for the buttoned up, seemingly reserved psychologist who spent a decade silently pining for her best friend. By no means was I expecting a dirty-talking Alpha male who makes a living producing and distributing adult toys. Imagine my surprise when Michelle was revealed to have an unabashedly sensual side, reveling in Jack Sullivan's innuendo-laden banter and take-charge attitude. Lauren Blakely spins Jack and Michelle's relationship into the ultimate fantasy, giving Nights with Him the distinction of being her steamiest, naughtiest, and most sexually adventurous book to date.

Knowing what type of erotic scenes Lauren Blakely has previously conceived with convenient props such as a string of pearls or a necktie, I had high expectations as to how much hotter each romantic encounter could get when the author is given free reign with a sex toy mogul hero who's not afraid to enlist battery-operated help in the bedroom. Nights with Him does not disappoint, taking two strangers with undeniable chemistry and a sizzling mutual attraction and propelling them into a whirlwind romance complete with a self-imposed expiration date. I appreciated the fact that Jack and Michelle were confident in who and what they wanted, making no apologies for their unconventional arrangement, but rather making the most of every moment together. Each is so attuned to the other's wants and desires that you can't help but be swept up in the excitement and frenzy created by a passion so tangible it fairly radiates from the pages of the book.

What I love about this series and about Nights with Him in particular, is that Jack and Michelle's characters are thoroughly fleshed out in all aspects of their lives, giving the narrative a deeper substance beyond the romance between them. We are given an intimate look at Michelle and Jack's relationship, which may have started as an attempt to satiate their basic physical needs, but evolved into an emotionally-charged affair that laid bare their innermost hopes and weaknesses. With its unbelievably steamy love scenes, the intense connection between the books' protagonists, and a touch of drama for added suspense, Nights with Him is a perfect extension of the Seductive Nights series while also standing apart in its own. As much as I enjoyed Clay and Julia's extended road to Happily Ever After in prior books in the series, I relished the fact that I knew exactly where Jack and Michelle stood by the end of the story.

Excellent characters and story! Super HOT!

By Gretchen - About That Story

I loved this story so much! Jack and Michelle are amazing together!

I was hooked from the beginning. Jack and Michelle are just these great, real characters and I could feel their vulnerability and connection. I love Michelle, she's such a strong character trying to move forward from past heartache. I love that she's cautious yet open and adventurous. I could see her barriers breaking down and I really enjoyed that throughout the story. Jack. Oh my Jack! Every detail that was learned made me feel for him and like him even more. Him trying to open up and battling himself was heartbreaking and when he finally gets there, my heart pretty much exploded. Chapter 23 had me more in love with this man than I already was.

I loved everything about Jack and Michelle being together. They were fun and playful and had this easy, flirty banter with one another. The openness they shared on a sexual level was pretty fantastic and when they started to open their hearts, it was romantic, sexy, and sweet all rolled into one.

There are LOTS of sexy times in this book... from my notes: "Holy hell doesn't even cover the level of hotness in this. I seriously think it's the hottest thing I've EVER read (and I read a lot!). I mean, there are these awesome sex scenes but the level of passion and eroticism intertwined with everything and their connection and vulnerability just takes it to a whole new level."

Loved the character connections and the new people that were introduced. Jack's sister Casey is awesome and enjoyed her interactions with Jack's friend Nate and can't wait to see what Lauren Blakely does with that.

Great pacing, well thought out and well developed. And the end, I was all teary eyed and happy. Beautiful ending!

This was just a wonderful story and a fantastic addition to the series. Dare I say I like Jack is my new favorite! I'm just all kinds of happy!!!!!!

4.5 stars!

By kgagnon

Lauren Blakely's books have been an automatic read for me and this series is my favorite by far. This story stars Jack, the sexy ex. soldier turned sex toy company ceo. He is NY's most eligible bachelor and darling of the media after his fiance dies a year earlier. We have Michelle Milo's story from previous books in the series getting her chance at love. She is a rock star therapist and is extremely talented in helping her clients navigate their relationships and lives. They become the focus of social media which is a problem for a therapist who requires discretion. It is hard for them to stay away from each other because they each awaken strong passion, desire and healing in the other. I fell in love with Jack and Michelle, and the development of both of their characters. I also loved how hot the chemistry is between them along with their dirty talking. Their love scenes and passion is off the charts! We get to see old friends and great new secondary characters along with some drama and mystery that keeps the story flowing. We are also treated to wonderful scenes in Paris that makes you feel like you are really there. This is another fabulous installment from Ms. Blakely and I can't wait for more from her about these people that I have grown to care about.
