An unforgettable story

By Lakis Fourouklas

I've always been a fan of Italian literature. But, I don't really know what it is that makes me like books by Italian authors so much. Perhaps it's the way they write; like good old storytellers. Perhaps it's the subjects they occupy themselves with; like love and remembrance. Or perhaps they seem familiar to me because I also come from a country that's washed by the Mediterranean Sea. Whatever the reason, Italian books make me feel good, and the one at hand does that better than most.

One More Day is the story of two seemingly different people that cross paths time and again. At the beginning that happens by pure luck, but as time goes by they start trying to steal glimpses of each other at any given chance. He's Giacomo and she's Michela, and their story is a story of love and loss, of failure and new beginnings.

As we follow the heroes from Italy to New York, and finally to Paris, we get to know them very well; and we get to like them. They are very human, full of weaknesses and fear, full of hopes and dreams. I guess one could say that the whole story revolves around dreams. The dream of getting away from everything and everyone that keeps you trapped in a cage; the dream of starting anew in a different land; the impossible dream of learning to love all over again by playing a game.

That's what Giacomo and Michela do, they play the game of love, time and again, but not for very long. Win or lose, at first that doesn't seem to matter to them. What matters is to get to know each other well, and to get to enjoy what each of them has to offer. They meet, they talk, they drink, they listen to great music and they make love, and the words flow like a serene stream on the page: "I wanted to become a hunter of emotions and memories," he says. "We have been kicked outside of ourselves," she states. "She was the door I had the courage to open," he thinks and smiles.

I could keep writing quotes for a long time, but I won't do it, since some of the magic of this book can be found in them, and I wouldn't like to take that pleasure away from you.

I will tell you though, that if you are someone who enjoyed movies like *Before Sunrise*, *Before Sunset* and *Before Midnight* (yes, that great Paris trilogy), you will love this book. The prose is exquisite, the plot is simple and yet intriguing, and the feelings are as real as one could ever find in the pages of a novel. The author seems to inhabit the bodies and the souls of his characters and thus manages to give us a story that's hard to forget. This novel is a must-read for me.

It has taken me a long time to finish this novel, but that was only because I was so enthralled by its heroes and their world that I wished it could go on and on. Of course, there are other books, as there are other stories; stories that remind us about the most important things in life; like how much it matters to be our own selves and chase our own impossible dreams. Just like Giacomo and Michela did.

Italians fall in love in New York

By Alan A. Elsner

This is a very talky kind of Euro-style love story. Giacomo, an Italian who likes to sleep with many women without too much commitment, becomes obsessed with a woman he see on the tram every morning while commuting to work. Eventually, she speaks to him, only to reveal that she's about to move to New York for a new job. Giacomo can't get her out of his mind and eventually follows and tracks her down. It appears she was just as obsessed with him.

There follows a 10-day love affair in which the two commit fully to each other, knowing that Giacomo must eventually return to Europe. This part of the book, where they reveal their secrets, fantasies, fears and hopes, is the sweetest and most successful in the book. It is also a kind of love letter to Manhattan from a European perspective.

Sometimes, we get a little too much information in this book. I don't think we need to know about the protagonist's bowel movements, for example.

Comparing this to a US-style romance, I would say there is much more introspective talk -- the characters deliver long soliloquies - and much less sex. But this is a nice change. I enjoyed it.

Captivating love story

By *TUDOR^QUEEN*

This was an excellent book. The kind that you can get lost in and look forward to reading in all your spare moments.

Giacomo and Michela ride the same tram to work every morning in Italy. Giacomo desperately yearns to see her each morning as he boards the tram. From their stolen glances at each other and their reflections in the tram's windows, it becomes quite clear that they have "noticed" each other. One fateful morning, Michela finally speaks to Giacomo, inviting him for coffee. She's leaving the next day for New York City as she's relocated her job. Feeling a myriad of emotions, Giacomo is tentative and doesn't ask for her email or forwarding information. However, Michela leaves an envelope from her NYC office on the table as she leaves for the rest room. Giacomo jots down the address and stewes for several months about whether to make contact with the woman who captivated him on the morning tram rides.

As he grapples with this decision, he is supported by the friendship of Silvia, a former girlfriend and lover,

now his best friend. Giacomo's love life is a bohemian existence. He loves to travel, work and make love in a multitude of cities. He is not a gigilo, he is just a product of his experiences with unfaithful girlfriends and the effects of a father who abandoned him. One of the best aspects of the book is the inherent goodness of Giacomo.

Of course, Giacomo decides to find Michela in NYC. She is a fascinating character with unconventional ideas and fiercely independent. The dialogue is so unexpected and interesting which lends to the gripping nature of the book. Their physical passion for each other as well as dining at a wide array of eateries in NYC are a luxurious read. One doesn't know how this unique relationship will pan out, but you're rooting for them the whole way.
