Excerpt from Practical Essays

The present volume is in great part a reprint of articles contributed to Reviews. The principal bond of union among them is their practical character. Beyond that, there is little to connect them apart from the individuality of the author and the range of his studies.

That there is a certain amount of novelty in the various suggestions here embodied, will be admitted on the most cursory perusal. The farther question of their worth is necessarily left open.

The first two essays are applications of the laws of mind to some prevailing Errors.
