Expanded "Where's Waldo" theme

By Rosebud Society

My children enjoy this book, but only for short periods, and personally I am not a big fan of the rather 'sloppily' drawn style of pictures. I know this is done on purpose, but it's just not clear enough to hold the attention of kids for long. The colors are somewhat dull and don't do justice to the merry theme and goings on in the illustrations. Otherwise it's a nice challenge for young children to tell items apart and find them amidst the chaos.
