Theology is one of the most highly debated topics in the world today. It is perceived to be a subjective and controversial genre leading to strained and fractured relationships causing friendships to become adversarial. Most of the time these arguments are developed as a result of a person's ignorance on a subject or their personal religious bias that blinds them to the poignancy of the truth. The Heart of Circumcision introduces the subject of fleshly circumcision according to God's law and Spiritual circumcision according to God's law and the debate that surrounds them both. These are just a few of the topics that are discussed in this revealing book study: 1. What is circumcision? 2. Is circumcision for the Jew and Gentile required for salvation? 3. What is Spiritual and Literal circumcision? 4. What is God's law pertaining to circumcision? 5. Who was commanded to be circumcised and why? 6. What is the New Testament view on circumcision and to whom is circumcision applicable to in the New Testament? 7. What is the circumcision of the heart? 8. How does one circumcise their heart? 9. Are Worshippers still under God's Law or has it been nullified by the death of the Messiah? 10. Are there health benefits to circumcision for the man and even for his female partner? This book is filled with scriptural documentation and an in-depth exegete on each verse pertaining to the subject. It is reinforced with scholarly documentation and is designed to propel the reader into a comprehensive understanding of the subject so the reader will be able to gain the advantage in any theological discussion.

THE REAL TRUTH WILL SET YOU FREE.

I would recommend to anyone seeking spiritual truth to pick up Christopher Sparkes The Eonian Books: Matthew to Revelation. It is the first true and pure translation of the New Testament into the English language. It will change your life and chains will be broken!

Great biblical coverage on the topic of circumcision.

By Kimberly Dejesus

The Heart of Circumcision was very well written so that the reader can understand the purpose and process of circumcision as it was originally and scripturally instituted and how it relates to us today. The writing leaves no stone unturned and covers the topic from both a spiritual and secular perspective. Kudos to the authors for a truly organically scriptural teaching. I would definitely recommend this book to others.
