It's a lot to chew

By Amazon Customer

While not having more modern and absorbable information/teaching techniques, it's a lot of good info for continuing study. So I guess it's okay.

I haven't finished this book...

By Daaave

...but it looks like it may come in handy.

When I finish the book, I'll come back and rerate. I've always wanted to learn Esperanto, and this may help if it doesn't get too bogged down in technical details.

I'll be back to rerate soon.
