A call to action

By kodiakcowboy

In this book, John Stott provides a fresh perspective that calls the church to action. He looks to the early church of the Apostles for the basis of a living church.

0 of 0 people found the following review helpful.

I Love the Church!

By Gary Smith

I've read through this book a number of times, but it's now so full of highlights that it's practically unreadable - hence the Kindle edition! In these days of 'confusion' about what the Christian church is, this book by a lifelong Anglican 'pastor and shepherd' - and a highly respected theologian - is well worth a read; especially if you're involved in leading a new church, or one which needs a breath of fresh air. It's written out of a genuine love for the church of Jesus, and is simple and practical too.

Well written book aimed at todays church but solidly based ...

By Paul McKinney

Well written book aimed at todays church but solidly based on scripture. A book that challenges the thinking Christian who earnestly desires to see the Church grow.
