THE MILLIONAIRE MASTER PLAN: YOUR PERSONALIZED PATH TO FINANCIAL SUCCESS BY ROGER JAMES HAMILTON PDF

The Millionaire Master Plan is a unique and fresh approach as to how individuals can not only get a sense of where they stand on the spectrum of personal wealth, but more importantly, how they can learn to ascend from their present state to a higher level.

Roger James Hamilton, himself a highly successful entrepreneur and successful investor, has designed nine steps - from barely surviving - all the way to the highest level of ultimate wealth for life - and he lays out his nine steps in an easy-to-understand color-coded manner that ranges from red (barely living paycheck-to-paycheck) all the way to ultra-violet (where generating income is simply no longer a worry).

Along the way, the reader first takes a quick test to determine where one is on the financial spectrum, and then Hamilton provides key insights and practical tips as to how one can progress to the next level. You track your progress by ascending from one color to the next.

It's all good!

By Mary V Seneker

Unlike many books that have a test at the end, this one begins with "Take The Millionaire Master Plan Test", which tells you which of 4 choices is your natural genius area: One is infrared, which is going deeper into debt each month; another is red---eeking out a living each month: We also have indigo (affluence) and eventually ultraviolet, where generating income becomes almost effortless. This author is the Founder of the Entepeneurs Instutute, and owns Vision Villas, Asia's first Enterpreneur Resort in Bali. His mission is to support the growth of what he calls "financial literacy", and social entrepreneurship around the world. Does anything catch your interest or curiosity yet? Mine was definitely piqued when I learned he lives in Bali with his family. Yikes! He must be doing something right to live in paradise.

I can't imagine anyone better qualified to write what amounts to a step-by-step plan to reach millionaire status. Get it and read it. It's rated 5 stars in my book! [[ASIN:B00M8M7U6A The Millionaire Master Plan: Your Personalized Path to Financial Success

a tremendous leap of insight and clarity

By nero

I've read far too many books about business / success / wealth... and I have to say this book is at the top of

the list. Roger's model is a tremendous leap forward, at least for me. It's not all happy-talk about "abundance" etc., his insight that makes the most impact is his direct perhaps hard-to-accept truth that "you probably haven't earned the right" to play at your desired level of wealth and success... yet. Also his recognition that in order to progress to the "next level", you will have to give up that which you most value at your current stage. I was unfamiliar with his work until recently, and have to say that since I've been learning and studying his model, there have been very curious and very positive synchronicities happening in my business, without getting too "woo woo". Absolutely recommend this.

3 days now and still no token... What gives?

By John G.

I've bought the Kindle version of this book and have followed the instructions for receiving a token, but I have yet to receive one. I've also emailed the Wealth Dynamics Support twice now to no avail, and no response either. It's been almost three days now. It's silly that the author instructs us to take the test first before reading further given these challenges with the token system. This is really disappointing.
