Freshly divorced and newly-discharged from the military, Quint Rydecker comes home for the first time since his wife left him, expecting to find his house empty and quiet.

Elsie Redding thinks she's found a place to call her own—an old abandoned farmhouse in the middle of the Utah desert—where she might finally evade the debts and hard times haunting her.

Now, like soldiers on opposing fields, Quint and Elsie wage war with that old farmhouse as the only prize. Both are determined to get rid of the other before winter closes in. But no matter how much she tries, Elsie can't seem to harden herself against the guilt of taking Quint's home; no matter how much he tries, Quint can't resist the lovely, kissable and all-too spankable Elsie's charms.

Something will have to give, and it might just be their hearts.

Perfect Holiday Read

By cara@2ndglance

This novella box set completely set my mood for Christmas. They are all super heartwarming without being overly sappy. There wasn't one story I didn't enjoy. The Naughty List has humor, love, and sexy spankings. It made for the perfect holiday read. I know I will be rereading the next time I need to feel some warm fuzzies.

Five wonderful stories!!

By SH

5 of my favorite authors, and I am picky, have each written a fantastic short story to make up this boxed set and I, for one, am very happy about it!! Each story in this book is just fantastic and if you are looking for a

great author to start reading, look no further. This will give you a taste of each of these author's writing styles and then you can go and purchase their other books because believe me when I tell you that these women know how to write!! Loved this and it is one I will definitely read again!!

Five new stories for ten bucks can't be beat!

By JoJo Bear

This is a not be missed collection. Unlike so many "box sets," where you maybe get one good and new story, every one of these stories is (according the advertising) brand new (and I think that's true because I have never seen any of them anywhere else before.) They are all long - long enough to be stand alone stories - and I noticed that most of them have been released as stand alone stories for 3.99.

If you are expecting real Christmas stories, not so much - they mostly just sort of happen at Christmas. But every one of these five is well worth reading - five for ten bucks can't be beat!
