THE QUEEN'S CODE BY ALISON ARMSTRONG PDF

The Queen's Code- Paper Back The long-standing war between the sexes is the stuff of legend. In TV ads, sitcoms and chick flicks everywhere, we've all seen the images - the long suffering woman and the clueless, insensitive man. But what if it's all a misunderstanding? In this fairy tale for the contemporary woman, Kimberlee seeks advice and discovers a treasure chest of esoteric knowledge hidden within her own family. As she unravels the mysteries of men's behavior in this romantic journey, so will you. As she learns the Language of Heroes, and transforms how she relates to men, so will you. Whether you're in love with men or frustrated by them - or both - The Queen's Code creates a new ethic and approach for interacting with men in a way that honors both sexes. From eight distinct points-of-view, you'll get an intimate look inside the hearts and minds of both men and women as we struggle to understand ourselves and each other.

Helpful info but you have to drag the information out of the writer

By Perfectionista

The first 100 pages were absolutely daunting for me. I am not a romance novel or any type of novel reader for that matter, so I threatened to quit reading it several times, but after the first 100 pages it started giving some information. There was a huge build up of all of this brilliant information that the ancient and wise "Claudia" was going to eventually unload and it barely was a slow trickle finally getting to the point. I can tell that a lot of work went into creating a story to wrap around what could have been a nice, compact instructional on how to better understand men. As a researcher, I would have much preferred a list of what to do and what not to do, with the rationales and sources. Had it not been for "Karen's" notes that were clearly laid out in short, bullet style lists (after each "lesson" with the old wise woman "Claudia"), I would have never wrapped my mind around the point. Bravo Alison for putting the notes in to bring nerds like me back to the point. Apparently most women like novel type books, hence the high ratings here on Amazon. I am not one of those women, but I do appreciate the point.

POINTS OF THE BOOK:

1.)WE EMASCULATE MEN.

2.)MEN DO NOT THINK LIKE WOMEN. WE PUNISH MEN BECAUSE WE THINK THAT THEY ARE JUST HAIRY WOMEN MISBEHAVING, BUT THEY THINK NOTHING LIKE US BECAUSE THEY HAVE FOCUSED AWARENESS (ONE MINDEDNESS/ CAN GO TO TARGET AND GET THE ONE THING THEY WENT IN FOR) AND WE HAVE DIFUSE AWARENESS (NOTICE EVERYTHING AND EVERYONE AND EVERYTHING THAT NEEDS TO BE DONE AT ONE TIME).(Which is why they will step over clothes in the floor to get to whatever thing they were set on doing.. they never see the clothes, and we punish them by nagging as though they did see the clothes and refused to help)

3.)MEN NEED TO BE PROVIDERS AND HEROES. USE THESE WORDS (called the language of heroes

in the book)AND BUILD UP YOUR MAN. MAKE HIM ADORE YOU WITH YOUR CHARMS AND EDIFICATION AND HE WILL BEGIN TO LIFT YOU UP AND WANT TO PLEASE YOU.

The best!!!

By Monica Giraldo

Every woman, young or not, married or not, in a romantic relationship or not should have this information. There is no chance for relationships with men if we do not change of paradigm. This is the most powerful paradigm shifter I have ever found on this regard.

From a man's perspective... This blew my mind.

By Matthew Coast

Being a masculine man, I rarely cry. But I have to admit that I cried through the first half of this book (in a manly way, of course).

I have to say that this book blew my mind. Having a feminist mother and growing up in a time when men have been looked down upon for being men, I grew up knowing masculine shame.

When I got out of high school, that shame turned into anger... anger towards women. And the first decade of my grownup dating life was filled with destructive relationships, lots of pain and frustration, and copious amounts of blame. I thought relationships were about fighting to get your needs met.

I thought women just wanted to hurt and humiliate men.

It wasn't until I was 28 when I thought to myself... "There must be a better way."

This book outlines that better way... at least part of it. Relationships are about partnership now... where two people work together to get their needs met. You get into a relationship because of how you enrich each others lives.

If you are currently struggling with your relationships to men... like you're angry at men... you think they're liars and cheaters... you think they aren't trust worthy... then GET THIS BOOK.

It will help you change your perspective on men and how relationships COULD be. Powerful stuff. I recommend it for women AND for men.
