Humorous, entertaining, and informative

By Ryan Schenk

I bought this little book before a long road trip, and was pleasantly surprised to find it quite entertaining as well as informative.

It covers topics ranging from the cat social ladder (actually, it's a circle..), to the reason why cats are attracted to cat-hating-people, to the mysteries of "cat space!"

All in all, a fun little read. I gave it to my friend as a host gift, and he enjoyed it as well.

And I don't even like cats!
