So happy!

By LCWilliams

When I saw the price of this book in the school bookstore, I almost cried...lol...really didn't want to pay \$250 for a book after spending \$1,400 for one Grad school class! finding this version of the book here at Amazon, for a fraction of the cost, made my day...the chapters are a little out of order from the original version, but for a \$200 savings, who cares?! Just follow the halter titles and you'll be perfectly fine. Seller did an amazing job as well...got it way before class started and was in excellent condition...

Not the same as 978-1-1112-2129-4 us edition!

By rick

bought this book as a cheaper alternate. BAD CHOICE, it has the same concepts, but if you need the Case Analysis for coursework this will not work!
